

Mobile app

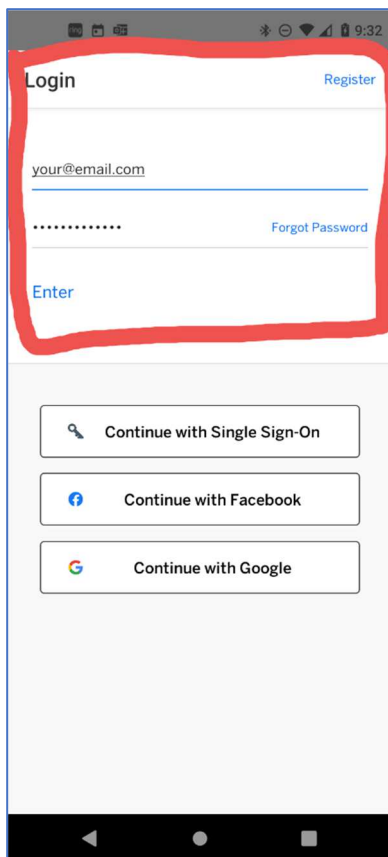

Let's see how to enter your volunteer hours using the GivePulse mobile app.

The GivePulse iOS/Android app was designed and developed to cater to Volunteers, Members, and Administrators. The app is supported to work on iOS and Android devices (phones and tablets). To find the app, simply search in the app store for "givepulse" and download the GivePulse app.

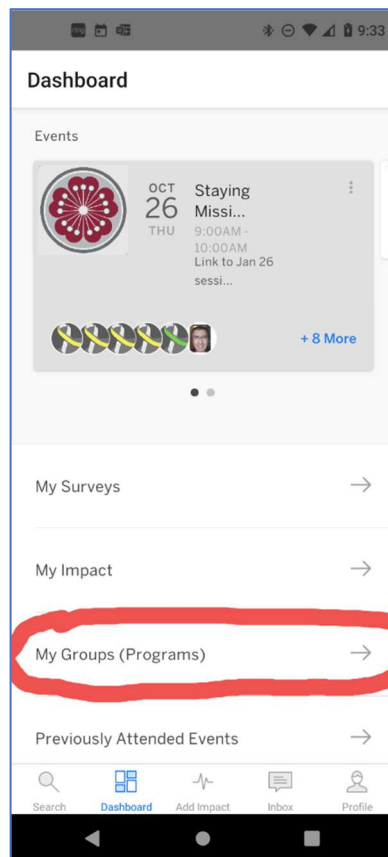

Follow these steps:

1. Visit [Download GivePulse App – GivePulse](#) and review the information provided, then proceed below for more detailed instructions and screenshots.
2. After downloading and opening the app, you will be asked to login to your GivePulse account. Use the same email address and password as when logging in on a PC.
3. Follow these screenshots:
